Cross Dock USA is Savannah Georgia's premiere transloading operation. Our facility is conveniently located close to interstates 95 and 16 for easy access. We maintain a large local fleet of trucks so getting your boxes out of the port and delivered on time is never a problem.

We operate a safe and efficient facility. Our building has a 28' ceiling height, ESFR sprinkler system, closed circuit camera and state of the art monitored security system. We have ground level and drive in warehouse accessibility for loading and unloading. Cross Dock has assembled the best staff in the business to ensure the best possible result for our customers.
